MCKINNEY.

The canning factory is running at full blast, turning out thousands of cans of tomatoes daily. The enormous sale of the goods prove their superior quality. A full corps of hands is employed.

The school house was filled to its utmost capacity last Friday night to hear Hon. Harvey Helm speak in the interest of democracy. Mr. Helm is a candidate to succeed himself as Representative from this district.

J. S. Murphy has a money making proposition to offer some one in his valuable flouring mill, which he will offer for sale to the highest bidder Sept. 24. The advantages in this business consist of a good location and the fact that the machinery is in first-class condition. Mr. Murphy also has about 10,000 bushels of wheat for sale.

Who says we haven't an enterprising little city? Work has already begun preparatory to the location of a spoke factory and planing mill here. A reservoir of about 2,000 barrel capacity will be constructed on a high elevation overlooking the city for the purpose of supplying water for this factory. This will afford a great opportunity for us to have waterworks at a small expense. Why not grasp the opportunity?

Miss Ruth Tanner left last week for Georgetown College. Miss Mary Catherine Murphy also left for Paris to attend school. Miss Bertie Murphy will leave in a few days to attend the Paris institution. Mrs. White and daughter, of Lexington, have been visiting Mrs. Moore. Miss Edna McKinney, of Texas, is the guest of her grand father, A. B. McKinney. Miss Maud Lay, who has been visiting in Nicholasville, has returned home.

An effort was made last week by a man from another city to procure a plot of ground here on which to erect a building for a machine and general repair shop. Such an enormous price was asked for the land that the enterprise has in all probability been abandoned. When will some of our financiers awake to the realization of the fact that prosperity can not reign where just a few rule with the iron hand of suppression?

A petition is being circulated here as well as at all the other stations between here and Somerset for presentation to the general manager of the C., N. O. & T. P. railroad for the purpose of having the Blue Grass Special start from Somerset instead of from Moreland, as it now does. This action is being taken because of the lack of sufficient passenger accommodation between the points mentioned, and should receive the signature of everyone interested.

A great deal of complaint has been heard from the patrons concerning the dilapidated condition of our mansion of learning. We are sorry to say that these complaints are well grounded. We all have a sufficient interest in the education of the children of this community to desire that such a condition of affairs should not exist. So let the trustees investigate this matter and bring it before the authorities so that we may have a school building of which we will not be ashamed, and one in which the pupils will feel like putting forth their best efforts.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Accept no other. Sold by Penny's Drug Store.

Whether the judges of the Kentucky court of appeals shall or shall not wear gowns is a discussion assuming the proportions of an issue. So far as the Times is concerned, they can either wear gowns or sit in their shirt tails, if they will hand down fewer opinions in favor of corporations, and more on the side of the people.—Glasgow Times.

British India has 86,912 miles of telegraph and cable wires in operation. Since 1902-03 the annual earnings of the cables between India and Europe show profits of from \$1,000,000 to \$1,200,000.

A movement now on foot in McCracken county to drain a large body of water known as Blizard Pond, will, it is said, mean the reclamation of several thousand acres of valuable lands.

There are 30,000 proprietary medicines on the American market.

Sheridan on Bryan.

Never enthusiastic over Bryan and rather disposed to adverse criticism, we were never counted among the Bryan worshippers and we will not be so counted to-day. This, however, can not prevent us from regarding Bryan as he is to-day, and stating the opinion thus formed openly and above board.

The like of Bryan has never appeared in this country before. His greatness has grown upon the people and, to-day, he stands before them the most powerful American who ever rose to eminence, either upon his own merits or through the heritage from somebody else. No instance has heretofore occurred, nor can any instance be expected hereafter to occur in which the people have so signally expressed their confidence in any man. It is strange beyond conjecture, complex beyond solution and intricate beyond demonstration.

Without office, without patronage, without wealth, Bryan has more influence in the United States to-day than any five men that could be named, including both Roosevelt and Mr. Taft. What is it that has put him next to the hearts of the people we do not pretend to say. It is beyond our reasoning and above our conception.

Some say that he is loved like Clay was loved; others that he has magnetic power over the hearts of his partisans as Blaine had, and more contend that he is revered. But the truth is, that neither the case of Clay nor Blaine nor Lincoln furnishes a parallel. The love for Clay was largely sectional and partisan, and the affection of the masses for Blaine was largely confined to the ranks of his own party. Lincoln was not revered in his lifetime. In two-thirds of the land of this great country he was unpopular after the assassin's bullet had made him a national martyr. Clay had patronage and represented wealth; Lincoln had patronage, but he stood for the lowly and the weak, although he was not clearly understood until death removed the din and dust of the fierce combat in which he was the stern arbiter.

But how different with Bryan! An humble citizen now, on a little farm in Nebraska with no income except that of a platform speaker, and not as much even as a clerkship to bestow, he sits on his porch to-day, influencing the course of more than seven millions of voters and shaping the destiny of the greatest republic the world has ever known. It is bossism; it is leadership—the highest, broadest, most comprehensive leadership ever known in the politics of nations. Twice defeated for the Presidency, his name is upon more human lips at this hour than any leader living or dead. Mothers consecrate their duty by pointing their sons to Bryan; old men, whitened in the seasons of struggle, and boys just girding on their armor, pronounce the name of Bryan as the most illustrious and powerful champion of human liberty.

Why is it? We do not know. History furnishes no explanation. Precedents are looked up in vain. The past brings nothing to account for the present in the matter of the popular belief in Bryan.—Western Spirit, Paola, Kansas.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and Spring. Last Winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This Winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Penny's Drug Store, 50c. and \$1. Trial bottle free.

Old Lady—My little boy, have you no better way to spend this beautiful afternoon than by standing about idling away your time?

How to get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. A Bishop was staying with a friend in a country house. On Sunday morning, as he passed through the library, he found a small boy curled up in a big chair deeply interested in a book. "Are you going to church, Tom?" he asked.

Mrs. Gravelly and children have returned from a month's stay with relatives in Virginia. Mrs. John Harris and little son, Leonard, who have been with relatives in Paris and Corbin for several weeks, have returned home.

The teachers' institute is in session here this week. About 70 of Rockcastle's pedagogues are in attendance and we dare say a better looking, more pleasant and merrier crowd could not be gotten together. We welcome them among us.

To-night the members of the Christian church will give an entertainment entitled "The Deacon," which is full of fun from start to finish. Tomorrow night the Baptists will present "The Sparkling Cup," which is also mixed with laughter. Besides this it has a splendid moral.

Yes, Mr. Ed, we expect great things of you in the way of good roads and hope you will not confine your suggestions to Lincoln county alone, but let your aims and judgment extend far up in Rockcastle. We need good roads here and in order that such can be brought about we must have good men to oversee and promote them.

Last Friday morning about 8 o'clock McClellan Smith, a farmer living near here, was found dead upon his wagon, which was loaded with wood, his body perforated with shot of different sizes. The coroner's jury was unable to fix the crime upon any one. There are several out of the way mysteries surrounding the case, none of which will be investigated except from mere curiosity.

Smith was a very good man in his way, but wanted to be a "bully" among his relatives, for which he was disliked by them. Hardly a year ago Lee Wiggins, a cousin and brother-in-law of Smith, was killed in the latter's home. Smith's wife confessed that she did the killing but said it was in self defense, and was not prosecuted. It is the general impression that Smith did the killing himself. A few weeks ago Smith, with a shot gun, killed five hogs belonging to Sam Wiggins, another cousin. Last Thursday evening Smith and a brother of Sam Wiggins had a sharp quarrel over a debt. Both quit, saying it would be settled later on. When Lee Wiggins was killed, a brother of his remarked that he would kill Smith before the year ended. Between the cousins it is hard to say, and it may never be known who is guilty.

TRUTH has one good friend left anyway, Time.

Time is the revealer of truth, as well as falsity, Time proves the truth and exposes the faults.

And you can ride down any country road in this country, or any village, town, or city street and see for yourself what Time has done to bring out the facts about paint. Over there you see a muddy, bleary-looking house—dull-eyed, as it were—low vitality, paint that is dying—dead, may be.

And there in a stone's-throw away, one that fairly gleams with the reflection of living light, bright, clear, with that brilliant sheen and radiance of gloss that tells you the story of what's in it just as truly as if you were looking into a mirror to see your own self.

Time has proven absolutely that Horse Shoe Brand House Paint, manufactured by the Mound City Paint and Color Company of St. Louis, is the truest paint manufactured in this country or any other country. It's the one paint that does what good paint ought to do, and so much more than you expect that any paint will do. This is because it is made of nothing but the highest quality white lead, zinc, and best aged linseed oil. One gallon goes twice over a surface as high as a six-footer and 50 feet long—and stays there at least three years and sometimes ten.

It pays to know what's good in paint. It pays to know where to get it. All we have to say is that we know absolutely that Horse Shoe Brand Paint is the straightest, highest quality, honest priced paint for honest work that we can get hold of. Made by the same house for twenty-six years. Sold on its merits; on its character.

Remember, too, the Mound City Paint & Color Company manufactures a complete line of the highest quality paint specialties—a Horse Shoe Brand paint for every use: Floor Paint, Barn and Roof Paint, To-Walk-On Stain, Screen Paint, Wagon and Implement Paint, etc., Grecian Enamel for the Bathroom, Iron Beds and the like.

And so we claim it pays to know that there's one paint store in this town where you can get good paint advice: and there's some color cards you ought to have, too, if you're going to paint—they're free—to you—here at the store—come and get them.

OUR good friend, Judge R. G. Williams, was nominated by acclamation for Commonwealth's Attorney by the democrats of the Kenton district. He had two opponents but when they found out how strong Judge Williams was they withdrew their claims and rolled up their sleeves for him. Now if the democrats will elect him, which we predict they will, the Kenton district will have an officer who will do his duty it matters not who it helps or hurts. The evil does had better fold their tents and depart when the judge gets into office.

GIVING a detailed statement of the amount of property owned by him, which he placed at \$150,000 at the outside, William J. Bryan, in a speech at Olney, Ill., denounced as false the accusation of Speaker Joseph G. Cannon made in Springfield, Ill., that he was worth a million dollars and called upon the speaker to be as frank in making known to the world the amount of his own earthly possessions.

ACCORDING to Rev. S. L. Corruthers, an Eastern Negro minister, between 800,000 and 900,000 Negro voters will vote the democratic ticket this year as a rebuke to the Roosevelt administration. Corruthers is president of the National Independent Civil and Political League of American Negroes, and we hope he knows what he is talking about. However, we doubt that he does.

GOV. HANLY, of Indiana, charges for his services but he is rather a cheap John. For instance, he charged the Indianapolis School Board \$25 for making a speech to the graduating class of the Manual Training School last June. The subject of the governor's address was "Dreams That Came True."

WILLIAM H. TAFT and William J. Bryan, rival candidates for the presidency of the United States, will meet at Chicago, October 7, at a banquet to be given by the Chicago Association of Commerce. The addresses to be delivered at the banquet will be nonpolitical.

THE republicans are claiming the earth. For instance they say they will carry the Third, Fifth, Eighth, Ninth, Tenth and Eleventh districts of this State. It would not have cost them anything to claim the other five and it is strange they did not do it.

WE are in receipt of a copy of the London Democrat, John Pearl's new democratic paper. It is neat of execution, as full of news as an egg is of meat and democratic to the core. Mr. Nathaniel B. Sewell will assist Mr. Pearl in his editorial work.

"MR. WATTERSON and the Liquor Question," will be the subject of a set speech Dr. M. P. Hunt will deliver at the temperance convention in Louisville this week. With so good a subject, Dr. Hunt should both entertain and edify his hearers.

STRAWS show which way the wind blows, or rather will blow. A straw vote was taken on a Pennsylvania train near Columbus, Ind. There were 300 passengers and all were for Bryan except one.

POLITICAL.

The first trip contemplated in the Taft itinerary will be in the West. J. Norton Fitch has been appointed chairman of the Jessamine county democratic campaign committee.

John W. Kern, democratic nominee for vice president, will speak at the State Fair to-morrow, Wednesday. Judge Roby, of the Indiana Court of Appeals, has refused to be assessed for campaign purposes by the Indiana Republican Committee.

Gen. P. Watt Hardin spoke to the democrats of Knox county at Barbourville Saturday. A Bryan club of 153 members was organized.

William H. Taft will begin his speaking tour probably at Lexington, September 23. He will then go to Tennessee, Missouri and the West.

Democrats of the 18th judicial district met at Cynthiana and ordered a primary for Nov. 7 to nominate a candidate for judge and Commonwealth's attorney.

The formal notification of John Temple Graves of his nomination as the vice presidential candidate of the Independence party took place Friday night in Atlanta.

It is rumored that attorney Robert Boyd, Jr., will be a candidate for Commonwealth's Attorney in the Republican primary to be held December 5th. —London Democrat.

The Legislature of Indiana will convene in extra session on Friday to devise a plan to give Gov. Hanly special power to deal with night rider troubles in the Southern part of the State.

Anderson county will be allowed to choose the next State Senator from the district composed of Anderson, Mercer and Franklin counties. Judge William E. Dowling is the only announced candidate for the nomination.

James J. Hill, millionaire owner of the Northwestern railroads, is in New York. He sounded a note of warning as to the election in the Western States to Wall street. He said the sentiment among Western farmers for Bryan may defeat Taft. He advised that the Republicans get a move on them if they want to pull Taft through.

The Democratic Committee for the Fourteenth Circuit Court district met at Frankfort and called a primary election on November 14 to select nominees for Circuit Judge and Commonwealth's Attorney. Judge James H. Polsgrove, of Franklin, and N. C. Fischer, of Bourbon, made a vigorous protest against a primary so early, asserting it would give Robert B. Franklin, the other candidate, an unfair advantage of them.

William J. Bryan spoke Saturday to large crowds in Cumberland, Md. Farmers and laboring men from three States attended the meetings, and there was much enthusiasm. During the day Mr. Bryan was asked regarding the statement made at Atlanta Friday night by William R. Hearst that Mr. Bryan four months ago asked his support for the presidency, promising to support Hearst in 1912. "Absolutely false" was the only comment the Democratic candidate would make. Mr. Bryan Sunday was the guest of John T. McGraw, Democratic National Committeeman for West Virginia, at Deer Park.

Notice of Election.

Lincoln County Fiscal Court held April 9, 1908, Hon. J. S. Owsley, Jr., Presiding, with the following Justices of the Peace: D. R. Adair, Thoma, W. J. Dudderar, James McKechnie and J. T. Roberts.

It was moved by Justice W. M. Dudderar and seconded by Justice James McKechnie that the fiscal court be taken by this court: The grand-jury of Lincoln county as its February term 1908, of the Lincoln county court, having recommended a new court house for Lincoln county, and it appearing to the satisfaction of this court that the court house now in use is unsafe and inadequate for the public convenience and the preservation of the public records, it is ordered and adjudged that the sum of Thirty five (\$35,000) thousand dollars, be suggested as the sum necessary to build a new court house, and it is further ordered an election be held, and a poll opened at the several voting precincts in Lincoln county on Tuesday November 3, 1908, the day of the next general election, at which the appropriation above suggested shall be submitted to the legal voters of Lincoln county for their approval or rejection. The Sheriff of Lincoln county is directed to advertise said election for at least thirty (30) days next preceding the day of the election, and the officers of said election are directed to hold the election between the same hours that they are required to hold elections for county officers, which election shall be held and conducted in all respects as required by the general election laws in force in this State, at the time the same is held.

The clerk of the Lincoln county court shall cause to be printed on the official ballots to be used in said election the words and figures: "You are in favor of an appropriation of Thirty five thousand dollars for building a new court-house for Lincoln county?" and have two spaces upon the right of said ballot for voters favoring the appropriation to be designated by the word "yes" and one for voters opposing the appropriation to be designated by the word "no." and said clerk shall prepare said ballots in all other respects as required by section 1469 of the Kentucky Statutes. Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough medicine or prescriptions containing Opium, Chloroform, or similar poisons. And now—the little thing—Congress says "Put it on the label if it poisons anyone in your Cough Cure." Very good! Hereafter for the very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's Cough Cure. And it's not only safe, but it is said to be by those that know it best, a truly remarkable remedy. Take no chance with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and notice the difference. No poison marks there! You can always be on the safe side by demanding

At a meeting of the Board of Directors of the Stanford Water, Light & Ice Co., on the 14th day of September, 1908, the following order was adopted: Whereas the supply of water in the pools is greatly diminished by the continued drouth and because the pools have recently been emptied and cleaned for the purpose of furnishing pure water to customers, it is now ordered that all sprinkling of lawns and streets shall immediately cease; and any one who shall after this date use the water for sprinkling, shall have his supply cut off entirely. The water must be preserved for domestic and fire purposes until sufficient rain falls to renew the sources.

Meeting of the Lincoln County Sunday Schools.

The Lincoln County Sunday School Association met in Stanford last Saturday. In spite of the many things that were against us in having the best, we had an informing and inspiring meeting. The conditions are not propitious for having the most helpful meetings in this county. So many of the churches, in fact more than half, have their denominational conventions and do not care to unite with the rest in the county association. We have plenty of talk about church fellowship and working together for the building up of the Kingdom of God, in the county, but we need more of the true fraternal spirit; more ability to see Christ in our neighbor wherever He is thus to be recognized. A more absorbing and compelling desire to see the Kingdom of God established among men than to lengthen the cords and to strengthen stakes of some particular denomination. When the people of God have, therefore, a clearer vision and a more accurate knowledge of what the Master has called them to do, we will have, not a united church in name, but one in fact, rallying around the King of Kings with the one purpose of bringing the world in subjection to His feet.

After addresses and discussions by Mr. E. A. Fox, State secretary, and others, the following officers were elected for the ensuing year: J. F. Holtzclaw, president; J. A. Allen, vice president, Mrs. John Bingaman, secretary

and treasurer: William Coldiron, Superintendent of Education; Prof. E. F. Davis, Superintendent of Visitation; Hon. W. H. Shanks, Superintendent of Organization; Mrs. J. E. Lynn, Superintendent of Elementary Grades; Mrs. J. C. Barker, Superintendent of Intermediate Grades; Rev. J. M. Taylor, Superintendent of Adult Grades. The following are the delegates at large to the State convention at Newport, Ky: Mesdames J. C. Barker and J. E. Lynn, J. F. Holtzclaw, Wm. Coldiron, Prof. Davis, J. C. McWhorter, Mrs. John Bingaman, Miss Angie Carpenter, C. E. Tate, Samuel Holtzclaw.

The committee on resolutions offered the following, which were adopted:

- 1st. That each Sunday School will endeavor to send at least one delegate to the State convention, which meets in Newport, Ky., Oct. 8-11.
- 2nd. That each Sunday School will endeavor to organize an Adult Bible Class according to the plans of the present great movement.
- 3rd. That we will endeavor to organize all the magisterial districts of the county.
- 4th. That each Sunday School will endeavor to present the offering for the State work as requested, at the next annual County Association.
- 5th. That the superintendent of each Sunday School in the county keep in touch with the county president.
- 6th. That we express to Mr. E. A. Fox our heartiest thanks for the information and inspiration which he has brought us.

We trust these resolutions will be heartily considered by all the schools in the county. That we will come together next year with wider and deeper interest in the work and with a larger hope in our endeavor. J. L. Y.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by Penny's Drug Store.
